DEAR SIR:—Beg to be excused from this afternoon's meeting of Councils.

—

Philadelphia, December 30, 1902.

GEORGE MCCURDY, ESQ.,
President of Common Council.

MY DEAR SIR:—I have just received a postal notifying me of the adjourned meeting for to-morrow, Wednesday, at which time resolutions are to be adopted relative to the retirement of the Honorable James L. Miles. I regret that my absence from the city will prevent my being present at the time mentioned to join with others in adding a flower to the wreath of honor to his worth and splendid character.

Mr. Miles has performed his duties as President of the upper Councilmanic Chamber with conspicuous ability and impartiality, and hence those of the lower Chamber find pleasure in joining their colleagues in expressing their regret at his retirement, but congratulate themselves and the city that he is called to higher and more responsible duties. That he will perform them faithfully and to the credit of the city none will deny, and I, therefore, join with my colleagues on the advent of the New Year in paying tribute to the distinguished and cultured gentleman who is to assume the responsible duties of High Sheriff of the County of Philadelphia, and with continued personal regards to yourself, I am, Mr. President,

Cordially yours,

ALEX. M. DEHAVEN.

Philadelphia, December 31, 1902.

GEORGE MCCURDY, ESQ.,
President of Common Council.

DEAR SIR:—Unfortunately I have not sufficiently recovered to be able to attend the meeting to-day.

Kindly excuse me.

Wishing you all the enjoyments and successes of the incoming year,

I am most sincerely yours,

J. R. SMYSER.

Without the popular approval, Philadelphia tax payers should not be burdened with an expense of fifteen millions to save about a third of a mile in a pleasure drive, when there is no money to remove our grade crossings, to adequately educate some ten thousand children in school who are now on half time only, or to finish the filters in the hope of their giving us better water. Mr. Hawkes presented a petition of the residents of Philadelphia, praying that Councils will submit to a referendum, or vote of the people, all questions relating to the Park Boulevard, and that they will not permit it to be placed upon the City plan unless the people so order it. Without the popular approval, Philadelphia tax payers should not be burdened with an expense of fifteen millions to save about a third of a mile in a pleasure drive, when there is no money to remove our grade crossings, to adequately educate some ten thousand children in school who

are now on half time only, or to finish the filters in the hope of their giving us better water. There are so many objections to the opening of the proposed Boulevard, among which not the least is that it would immediately reduce the annual City revenue by one hundred thousand dollars, that we earnestly ask for a public hearing on the subject.

Which was read and laid on the table.

The question being on agreeing to the section.

APPENDIX No. 2.

Philadelphia, August 19, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In obedience to the requirements of the law I have the honor to submit herewith the annual detailed statement of the estimated receipts, expenditures, assets and liabilities of the City for the five months dating from August 1 to December 31, 1902, and for the fiscal year commencing January 1, 1903, with which will be found the calculations of tax rates, in compliance with the provisions of the Act approved June 11, 1879.

Included with the computation showing the amount receivable from the tax rate of $1.85 per $100 in 1903, as provided by your Honorable Bodies June 30, 1902, have been added the figures showing the revenue from a $2.00 rate and at a $2.40 rate. The latter being the rate necessary to furnish the City Departments with the amounts asked for by them during the coming year, aggregating expenditures of $31,993,785.31.

FUNDED DEBT.

The gross funded debt on January 1, 1902, was $59,932,895.22, since which date the following amounts have been added; $15,000 of Subway Loan of March 15, 1894; $1,400,000 of loan of June 17, 1898; $5,000,000 of loan of June 11, 1902; and $4,700 unclaimed matured loans returned by the Farmers' and Mechanics' National Bank.

The redemptions during 1902 were $200,000 of 6 per cent. Loan No. 49; $1,000,000 of 6 per cent. Loan No 50, and unclaimed matured loans of $2,500, making the gross funded debt August 1, 1902, $65,150,095.22.

Deducting the City Loans held by the Sinking Fund Commissioners of $9,500,300, there remains a net funded debt of $55,649,795.22, an increase since January 1, last, of $5,594,400.

I take great pleasure in adding, however, that the four

loans maturing January 1, 1903, to wit: Loan No. 51, $2,138,000; Park Loan No. 3, $1,800,000; Loan No. 53, $200,000; and Loan No. 54, $970,000, will be met by the Sinking Fund Commissioners from the assets standing to their credit in the Fund. These, together with the Serial loans falling due on same date, which are already provided for by direct appropriation amounting to $680,000, will reduce the gross funded debt January 1, 1903, to $59,362,095.22, or $570,800 less than the gross funded debt shown on January 1, 1902.

Amount subject to appropriation to Departments, $21,898,596 92

Leaving a net sum subject to appropriation in excess of the previous year and in the absence of a temporary loan of $1,837,391.12.

A marked increase of $763,959.31 over 1902 is shown in the amount to be set aside in 1903 for the Sinking Fund Commission. This is owing principally to the fact that the interest on all loans issued since June 16, 1897, is included with the annual appropriation to the Sinking Fund, paid by them, instead of being divided between the appropriation to the City Treasurer and the Sinking Fund, as in the case of loans created prior to that date. There is therefore a corresponding gradual decrease shown in the appropriation to interest embraced in the annual appropriation to the City Treasurer.

Mandamuses.

An increase is also shown in the payment of writs by Mandamus Execution over the corresponding period of 1901 of $225,679.19.

The anticipated outgo from this source for 1902 was thought to be fully provided for when $1,250,000 was set aside on August 1 last. The demands, however, have exceeded even this supposed liberal allowance in consequence of the condemnation for Park purposes of the block bounded by Spring Garden, Twenty-fifth street and Pennsylvania avenue, for which there has already been paid $193,577.07, and the freeing from toll of the Bustleton and Somerton turnpike, costing the City $35,212.25. As but $274,273.14 is left to meet payments from this source for the remaining five months of 1902, I have decided to set aside a further sum of $150,000, with the hope that this increase may more than meet the requirements for this purpose to December 31 next.

Ground Rents.

I beg to call the attention of your Honorable Bodies to the large amount of redeemable ground rents now carried on the books of the Deparment of Education and for which there is an annual interest that must be provided for by appropriation, and at rates greatly in excess of those prevailing at this period for the best class of investments.

In the appropriations for the year 1900 there was an authorized redemption of ground rents amounting to

$60,622.40, which left a balance still redeemable of $106,869.32 for the cancellation of which no provision was made in 1901 or 1902. As it is manifestly your purpose to retire all of this class of ground rents I would respectfully suggest the advisability of an appropriation for the coming year, 1903, sufficient to meet the redemption of the amount above mentioned.

Surplus.

The gratifying results of the current year's business as exhibited in the estimated surplus of $652,338.11 is predicated upon the receipt of the Personal Property Tax and School moneys due by the State authorities for the year 1902, and which should be in hand prior to December 31 next, in which case the estimated figures shown may even be below the actual results of the current year.

Very respectfully,

Your obedient servant,

City Controller.

RESOLUTION

Authorizing the payment of Company allowance to the Band of the First Brigade, National Guard of Pennsylvania.

WHEREAS, In Item 31 in the appropriation for the year 1902 to the Department of City Commissioners, there was appropriated an amount of twenty-three thousand (23,000) dollars for the purpose of paying to the com-

panies of the National Guard of Pennsylvania the sum of five hundred (500) dollars each upon certain certificates from the Adjutant General's office of the State of Pennsylvania that they had passed the regular yearly inspection;

And Whereas, The said amount was intended to pay in addition to the regular companies of the regiments in service located in the City of Philadelphia, the First Brigade Band, which is composed of enlisted men under command of a leader, who is a commissioned officer, and under the same amount of bond as a captain commanding a company;

And Whereas, By certificates herewith attached it is shown that the Brigade Band is composed of regularly enlisted men, who occupy separate quarters, and it has the same allowance from the State of Pennsylvania as a company of infantry; now, therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Commissioners are hereby authorized to issue a warrant for the sum of five hundred (500) dollars to be paid the said band upon the proper certificates as provided in said appropriation, and the City Controller is authorized to countersign said warrant, payable to the leader of said band, commissioned by the Governor as commander thereof.

APPENDIX No. 14.

OFFICE OF THE MAYOR.

Philadelphia, October 16, 1902.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Director of the Department of Public Safety in relation to the revision of the grade of York road, between Sixty-sixth and Sixty-ninth avenues, in the Forty-second Ward, together with a resolution of the Board of Health appertaining thereto. I would ask that the same be appropriately referred.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, October 16, 1902.

HON. SAMUEL H. ASHBRIDGE,
Mayor of the City of Philadelphia.

DEAR SIR:—I herewith forward resolution of the Board of Health, together with copy of report received from Charles F. Kennedy, Chief Inspector of Nuisances, relative to change or revision of the grade of York road, from a point at or near Sixty-sixth avenue to Sixty-ninth avenue, Forty-second Ward.

Kindly transmit the same to Councils for such action as they may deem proper. I am,

Very respectfully,

A. L. ENGLISH,

Director.

Philadelphia, October 7, 1902.

A. L. English, Esq.,
Director Department of Public Safety.

Dear Sir:—I am directed by the Board of Health to transmit to you a copy of a report received this date from Charles F. Kennedy, Chief Inspector of Nuisances, together with the copy of resolution passed by the Board, with the request that you forward both to City Councils.

Yours respectfully,

JOHN J. McCAY,
Chief Clerk.

Resolved, That the City Councils be requested as a sanitary measure to provide by ordinance for the revising of the grade of York road, from a point at or near Sixty-sixth avenue to Sixty-ninth avenue, so as to permit of storm water flowing down York road at a proper grade.

—

Philadelphia October, 9, 1902.

Col. J. Lewis Good,
Chief, Bureau of Health, City Hall, Philadelphia.

Sir:—I have the honor to report having made an inspection of complaint of nuisance existing on Old York road near Sixty-eighth avenue, Forty-second Ward. The conditions are such as represented in petitioners complaint, except that temporary relief has been afforded by opening a ditch to permit the water to flow off the lot. This section of the City is being rapidly improved, and provision should be made to prevent a nuisance of this character continuing.

The present irregular grade from Sixty-sixth to Sixty-ninth avenue is such as to prevent storm water from flowing over the regular water courses, the result, all storm water from a large territory west of York road flows to the roadway, thence via a duct under street railway, discharges over the lot on east side of York road, thence to

Thirteenth street, and flowing into the cellar at the corner of Thirteenth street and Sixty-eighth avenue. A sewer or culvert is now being constructed on Sixty-eighth avenue, which, if storm water was properly diverted, would flow to this sewer or culvert.

The remedy for the abatement of the nuisance will be in the revising of the grade of Old York road (now macadamized), from Sixty-sixth avenue to Sixty-ninth avenue. I would therefore recommend that the Board, by resolution, declare the present defective drainage of the roadway of Old York road, a nuisance, having a tendency to be prejudicial to the public health, and that the City Councils be requested to provide by ordinance for such change of grade as will permit of storm water flowing over Old York road, from a point at or near Sixty-sixth avenue to Sixty-eighth avenue.

Very respectfully,

(Signed) CHAS. F. KENNEDY,
Chief Inspector.

Philadelphia, October 16, 1902.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to authorize the opening of Berks street, from Broad to Sixteenth street," beg leave to report that we have considered said ordinance and for reasons set forth in the report of the Sub-Committee, hereto annexed, report same with a favorable recommendation.

Philadelphia, June 30, 1902.

To the Committee on Highways.

GENTLEMEN:—We, your Committee on Opening Bills, of the Fourth District, beg leave to report that we have considered the ordinance to open Berks street, from Broad to Sixteenth street, and find that Berks street is opened for a long distance to the eastward and westward of these points. Monument Cemetery closes the street, from Broad to Sixteenth street. Apparently the Cemetery Company has recognized the fact that Berks street at some time will be opened through the cemetery, as the place which will be occupied by the street has been kept free from graves, and used as a driveway. The amount of damage which will be recovered by the Cemetery Company will in all probability be the value of the ground taken, and the cost of constructing retaining walls on each side of the street. The cost is estimated at twenty thousand (20,000) dollars. The street when opened and improved will be a conveni-

ence to a large number of people. We therefore report the ordinance with a favorable recommendation.

Geo. W. Sunderland (*Ch'n*), Watson D. Upperman, R. F. Schofield.

AN ORDINANCE

To authorize the opening of Berks street, from Broad to Sixteenth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works be authorized and directed to notify the owners of property over and through which Berks street, from Broad to Sixteenth street, will pass, that at the expiration of three months from the date of said notice, said street will be required for public use.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said street; upon the filing of said bond, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said street.

The revision can be made so as to greatly reduce the amount of damage for opening the street.

The revision of Moyer street is made to provide a safe cartway along the side of the railroad track. We therefore report the ordinance with a favorable recommendation.

To the Honorable the Judges of said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, for the opening of Fifty-first street, from Lombard street to Wal-

nut street, in the Twenty-seventh Ward of the City of Philadelphia, respectfully report, that after due notice the jurors met on April 1, 1902, for organization. All of the jurors were present at this meeting. That at this and subsequent meetings the jurors were attended by Messrs. Wiler and Elliott for themselves and W. W. H. Quick; E. Hunn, Esq., for Samuel J. Sharpless; Samuel F. Clevenger, Esq., for Franklin L. Lyle, Henry R. Shoch and Charles S. Hinchman; Messrs. Rich & Boyer, for Benjamin Teller and Joseph R. Teller; Alexander M. DeHaven, Esq., for Samuel A. McDougal. The following named property owners did not appear, either personally or by counsel, although their properties were fully considered as affected by the opening: William Nichols *et al.*, E. S. Harne, Azariah W. Hoopes, David M. Hess, John P. Twaddell *et al.*, Mary Caldwell, and a not registered lot. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

That at the meeting held on April 1, 1902, the jurors were severally sworn or affirmed by one of their number on their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Fifty-first street, from Lombard street to Walnut street, faithfully, impartially and according to their best judgment. The jurors then organized by electing William F. Anderson, foreman, after which the petition was read to the jurors and the official plan produced, which is attached to and filed with this report. The jurors then adjourned to April 4, 1902, for the purpose of making a view of the premises. All of the jurors were present at said view:

That the jurors subsequently met for the purpose of hearing testimony, reviewing and arguments of counsels, on the following days: April 9, 16, 23, 30, May 7, 14, 21, 28, June 4, 13, 18, 23, 25, 27, July 7, 12, August 5, 8, 13 and September 19, 1902. And now, therefore, after a full and impartial consid-

eration of all the testimony submitted to them, and after a careful view and review of the lines and grades to which the said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jurors do make the following award of damages:

H. D. Beaston, Geo. W. Beatty,

APPENDIX No. 37.

Philadelphia, November 6, 1902.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Levering, Seville, Mitchell, Sharp, Haines, Cedar, Ludlow, Fifty-fourth, Walker, Princeton, Craig, Eighteenth, Twentieth and Cresson streets, Wissahickon, Cliveden and Glenwood avenues, beg leave to report that after a careful examination by the various sub-committees, it is believed that the opening of Levering street will not cost more than five hundred (500) dollars. Seville and Mitchell streets should be opened without cost to the City, as the opening of the streets will be a benefit to the adjoining property. Sharp and Haines streets will probably cost nine thousand (9,000) dollars, as one house will have to be removed. Cedar street is estimated to cost fifteen hundred (1,500) dollars, as a frame building is now in the line of the street. The opening of Ludlow

and Fifty-fourth streets should occasion very little damage, as no improved property is taken; Ludlow street is entirely built upon on both sides, but no street improvements can be made until the opening bill is passed. Walker street should not occasion any land damages, as no improved property is disturbed; the street is intended as the line of a main sewer. Princeton street will not occasion any damage, as the opening of the street will be a benefit to the adjoining property. The opening of Craig street is desired in order that a sewer may be constructed; no improved property is disturbed and the damages should be very slight. Eighteenth and Twentieth streets run through property that will be benefited by reason of the opening of the streets; there should be no damages. Cresson street is estimated to cost one thousand (1,000) dollars, as it will be necessary to remove two frame buildings. Wissahickon avenue is now open forty-five feet wide, and the ordinance contemplated opening it an additional five feet; as no buildings are disturbed the damages should be very slight. Cliveden avenue is desired as a connection with the Park drive; the damages should not exceed fifteen hundred (1,500) dollars. One-half of Glenwood avenue is now opened and the street paved on either end of the contemplated opening. The opening of the street to the full width cuts off a portion of a lumber yard; the damages are estimated at five thousand (5,000) dollars.

We therefore report the annexed ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), Thos J. Morton, Thos. Wagner, Jr., Jesse S. Shepard, Peter E. Costello, Wm. H. Funston, Albert Webster, E. P. Macken, Watson D. Upperman, W. McCoach, E. Buchholz, Jos M. Adams, Edw. W. Patton, R. F. Schofield.

IN THE COURT OF QUARTER SESSIONS FOR THE COUNTY OF PHILADELPHIA.

In the matter of the opening of Eighteenth street, from Cambria street to Indiana street, in the Thirty-eighth Ward of the City of Philadelphia, pursuant to Ordinance of Councils approved July 25, 1901.

REPORT OF VIEWERS.

Filed November 28, 1902.

To the Honorable the Judges of said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, arising

out of the opening and change of grade of Eighteenth street, from Cambria street to Indiana street, in the Thirty-eighth Ward of the City of Philadelphia, respectfully report:

That, pursuant to notice served upon the viewers, registered property owners and tenants along the line of Eighteenth street, from Cambria street to Indiana street (proof of which is filed amongst the records of your Honorable Court), the viewers held their first meeting on May 27, 1902, at 2 o'clock P. M., in Room 571, City Hall, Philadelphia. At this meeting were present all of the viewers, to wit: Jesse A. T. Laws, John Taylor, Henry A. Burton, Wm. P. Martin, Wm. E. Connor and W. Harry Stirling. Each of them was first sworn or affirmed on his *voir dire* by one of his number and examined touching his capacity to serve as a viewer in this proceeding. Each viewer having been found to be disinterested, competent, and in all respects duly qualified to serve, was then sworn or affirmed by one of his number to perform his duty as a viewer in above matter faithfully, impartially, and to the best of his judgment. Jesse A. T. Laws was elected foreman, and Wm. Harry Stirling secretary. The petition was read and official plan produced for use by the jury. Said plan is filed with this report. The viewers then adjourned to view the premises affected on Wednesday, May 28, 1902, at 2.30 o'clock P. M., when all of them were present.

That subsequent meetings were held by due adjournments for hearing testimony and arguments of counsel on June 6; September 16, 19, 23, 30; October 3, 7, 14, 17, 21, 24, 28, 31; November 7, 11, 14, 15, and 18, 1902. At these meetings the viewers were attended by George Vaux, Jr., Esq., for himself and for Mary M. Vaux, Wm. S. Vaux, George Vaux, Florence E. C. O'Neil, Agnes C. Bates, Ellwood Wilson and Francis V. Wilson; Frank H. Warner, Esq., for Charles H. Thompson; George E. Fili and John H. Maurer, Esqrs., Assistant City Solicitors, appeared on behalf of the City of Philadelphia. Other meetings were held for review and consultation on November 19, 20, 21 and 22, 1902, and one for signing this report.

That John Taylor, one of the jurors, having died, your Honorable Court appointed Thomas P. C. Stokes in his place and stead. The said Thomas P. C. Stokes was duly examined and sworn in as a viewer in the above matter, on September 15, 1902, subsequently made a view, and thereafter participated in these proceedings.

That at the time of the approval of the Ordinance of Councils and the expiration of the three months' notice from the Highway Department to the property owners that so much of their property as lay within the bed of Eighteenth street, from Cambria street to Indiana street, Cambria street, from Seventeenth to Nineteenth street; Indiana street, from Sixteenth to Nineteenth street, would be required for public use, the title to property appearing on the plan in the name of "Lewis Thompson & Co., Incp.," was in Charles H. Thompson, who on November 8, 1901, by deed duly recorded, conveyed said property to "Lewis Thompson & Co., Incp."

That Eighteenth street, from Cambria street to Indiana street is authorized to be opened by Ordinance of Councils approved July 25, 1901, but is not yet physically opened and graded to the confirmed grade regulation.

And now, therefore, after a careful consideration of all the testimony submitted, and after a careful view and review of the lines and grades to which said Eighteenth street, from Cambria street to Indiana street is to be opened and graded, and considering as well the advantages and disadvantages to each and every property owner along the line of said Eighteenth street, from Cambria street to Indiana street, the jury finds and awards the following damages for the opening and future grading of said street to the present confirmed grade regulation:

To Charles H. Thompson, marked on the plan "Lewis Thompson & Co., Incp.," West side	$37,500 00
To Mary W. Vaux, George Vaux, Jr., and Wm. S. Vaux, owners of lot 41′10″x220′4″, East side	500 00
To George Vaux, owner of two lots, each 41′10″x220′4″, East side	1,350 00

To George Vaux, marked on plan "George Vaux, Trustee of Elizabeth N. Graham," owner of lot 125′6″x220′4″, East side	2,250 00
To Florence E. C. O'Neil and Agnes C. Bates, owners of lot 41′10″x220′4″, East side....	750 00
Total	$42,350 00

No damages are awarded to George V. Cresson, Caleb Cresson, and Mary E. Wistar, children of Susan V. Cresson, Wm. B. Cresson, Jr., and Emlen V. Cresson, children of Elizabeth V. Cresson, deceased, a daughter of Susan V. Cresson, deceased, because in the award made to them in the report of the viewers filed on October 30, 1902, in the matter of the opening of Cambria street, from Seventeenth street to Nineteenth street, all damages by reason of the opening of Eighteenth street, from Cambria street to Indiana street, were included.

In the award made to Charles H. Thompson are included also the damages occasioned by the opening and change of grade of Cambria street, from Seventeenth street to Nineteenth street, and opening and change of grade of Indiana street, from Sixteenth street to Nineteenth street.

George Vaux, Jr., Esq., who appeared for Ellwood Wilson (marked on plan "Edward Wilson") and Francis V. Wilson, owners of lot 191′ 8″ x 164′ 1¼″ at the intersection of Indiana street and Eighteenth street, waived all claims on Eighteenth street.

The jury find that no property in the neighborhood is specially benefited, and direct that all the damages herein awarded be paid by the City of Philadelphia.

All of which is respectfully submitted.

Jesse A. T. Laws,	Wm. F. Martin,
W. Harry Stirling,	Wm. E. Connors,
Henry A. Burton,	Thos. P. C. Stokes.

APPENDIX No. 62.

Department of City Controller.

Philadelphia, December 3, 1902.

To the **Presidents and Members of Select and Common Councils of the City of Philadelphia.**

Gentlemen:—In the estimates of the "Limit of City Expenses" forwarded your Honorable Bodies, dated August 19, 1902, for the fiscal year commencing January 1, 1903, the lawful obligations were placed at $5,549,-349.57, included in which were payments by mandamus executions of $1,250,000, leaving the sum of $21,898,-596.92 for the use of the Departments.

In view of the additional payments estimated for the coming year reported to this Department by the Law Department since the forwarding of the estimates noted above, and in compliance with the Act of July 11, 1879, which directs the Controller to make due provision before countersigning any warrants for the current year, I am compelled to add to the estimated amount due for mandamuses the sum of $250,000, making in all for 1903 $1,500,000.

The necessity arising for this change is due to the fact that the number of road bonds filed in the office of the City Solicitor has increased from sixty-four for 1901, to one hundred and forty-eight for 1902.

The net sum subject to appropriation will therefore be $21,898,596.92, less the additional $250,000 for mandamuses and the amount of the temporary loan.

Very truly yours,

JOHN M. WALTON,

City Controller.

APPENDIX No. 85.

Philadelphia, December 11, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances for paving certain

streets in front of railroad and church property and narrow strips of ground, beg leave to report that the bill for paving Erie avenue was originally made out in the name of the then registered owner, but as a matter of fact was a part of the right of way of the Philadelphia, Newtown and New York Railroad, who prior to an Act of June, 1901, were exempt from paying for municipal improvements in front of their right of way. The paving on Silverwood street was in front of a church property, which by recent Act of Assembly are exempt from cost of paving. The bill on Huntingdon street is in front of Hollywood street, which is opened and built upon and there exists therefore no assessable property from which to collect. The balance of the bills are in front of narrow strips of ground, the value of which is not sufficient to pay the paving bills. As the liens for this paving are to be assigned to the City, before the property to the rear of these narrow strips can be improved the bills will be paid, and the City thus recover the money.

As the work in each case was done in strict accordance with the contracts the contractors should not suffer by reason of the unfavorable conditions of the property. We therefore report the ordinance to pay these bills with a favorable recommendation.

Alex. M. De Haven (*Ch'n*), W. F. Short, Watson D. Upperman, Edw. W. Patton, Chas. Seger, W. McCoach, Thos. Wagner, Jr., Thos. J. Morton, E. P. Macken, Wm. H. Funston, Albert Webster, Jesse S. Shepard, Peter E. Costello, E. Buchholz.

AN ORDINANCE

To pay for paving certain streets in front of railroad and church property and narrow strips of ground.

Section 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works be authorized to draw and the City Controller requested to countersign a warrant in favor of the Vulcanite Paving Company in the sum of seven hundred and sixty-three (763) dollars and forty-eight (48) cents to pay for paving on Erie avenue, east of American street,

in front of right of way of the Philadelphia, Newtown and New York Railroad; a warrant in favor of Thomas Cunningham in the sum of one hundred and ninety-one (191) dollars and forty-four (44) cents to pay for paving with interest, on Silverwood street, southeast of Gates street, in front of Emanual M. E. Church; a warrant in favor of the Pennsylvania Asphalt Paving Company in the sum of one hundred and seven (107) dollars and nineteen (19) cents, to pay for paving, with interest, on Huntingdon street, in front of Hollywood street; a warrant in favor of Thomas Cunningham in the sum of fourteen hundred and eighty-nine (1,489) dollars and fourteen (14) cents, to pay for paving, with interest, on Warren street, northwest of Franklin street, in front of triangular pieces of property; a warrant in favor of Thomas Cunningham in the sum of three hundred and twenty-nine (329) dollars and eighty-nine (89) cents, to pay for paving, with interest, on Logan street, southwest of Greene street, in front of triangular piece of property on the southeast side of said street; a warrant in favor of David McMahon in the sum of two hundred and fifty-nine (259) dollars and five (5) cents to pay for paving on Musgrave street, northwest of Pleasant street, in front of narrow strip of ground; a warrant in favor of Thomas Cunningham in the sum of eight hundred and thirty-six (836) dollars and forty-nine (49) cents to pay for paving, with interest, on Levering street, northeast of Mitchell street, in front of triangular strip of ground on the southeast side of said street, and shall charge the same to Item 2 in the annual appropriation to the Department of Public Works (Bureau of Highways): *Provided,* That before the bills for paving on Warren, Logan, Musgrave and Levering streets shall be paid the liens filed against the narrow strips of property on the said streets shall be first assigned to the City of Philadelphia.

APPENDIX No. 86.

Philadelphia, December 11, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to permit the John B. Stetson Company to construct and maintain a passageway under and across Cadwallader street, south of Montgomery street, respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Alex. M. De Haven (*Ch'n*), W. F. Short, Watson D. Upperman, Edw. W. Patton, Chas. Seger, W. McCoach, Thos. Wagner, Jr., Thos. J. Morton, E. P. Macken, Wm. H. Funston, Albert Webster, Jesse S. Shepard, Peter E. Costello, E. Buchholz.

AN ORDINANCE

To permit the John B. Stetson Company to construct and maintain a passageway under and across Cadwallader street, south of Montgomery street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That permission be, and is hereby granted to the John B. Stetson Company to construct and maintain a tunnel or passageway under and across Cadwallader street, south of Montgomery street. The said passageway shall be of masonry and brick construction not exceeding seven feet in width in the clear, and shall be constructed in accordance with plans and specifications approved by and under the supervision of the Department of Public Works. Before exercising any privilege under this ordinance the said John B. Stetson Company shall file an agreement satisfactory to the City Solicitor indemnifying the City against all damages by reason of the construction and maintenance of said passageway, and to pave and keep in repair that part of the street broken whenever called upon to do so by the Director of

the Department of Public Works. Stetson Company shall first pay into the City Treasury the sum of fifty (50) dollars for the publication of this ordinance.

APPENDIX No. 87.

Philadelphia, December 11, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Broad, Silverwood, Levick, Womrath, Fifty-eighth, and Ludlow streets, and Castor, Cedar and Windrim avenues, beg leave to report that Broad street is opened to the width of one hundred and thirteen feet wide, and on the plan one hundred and sixty feet wide; the object of opening the street to its full width is in order to improve the street so as to make a proper approach to League Island Park; as the property at the present time is entirely unoccupied by dwellings the damages will not be very great. Silverwood street is needed for the purpose of laying a filtered water main; no improved property will be disturbed. At the present time there is pending in the Law Department a suit for the construction of sewer on Windrim avenue, and the City Solicitor's Office recommend the passage of the opening ordinance in order to avoid a double award of damages. The balance of the bills are needed in order to develop the sections through which they run. As the property fronting on these streets will be more valuable after the streets are opened little or no damage will be caused. We therefore report the ordinance with a favorable recommendation.

Alex. M. De Haven (*Ch'n*), W. F. Short, Watson D.

Upperman, Edw. W. Patton, Chas. Seger, W. McCoach, Thos. Wagner, Jr., Thos. J. Morton, E. P. Macken, Wm. H. Funston, Albert Webster, Jesse S. Shepard, Peter E. Costello, E. Buchholz.

APPENDIX No. 93.

Philadelphia, December 18, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to place upon the City plan an avenue three hundred feet wide, from Broad street to Torresdale, with connection to Hunting Park avenue and Bellfield avenue, and to make such revision of lines and grades on the City plans as may be necessary to properly establish the said avenue and complete the system of streets adjacent to it," beg leave to report that the laying out of the avenue, as proposed, is for the purpose of bringing the large northeastern territory of the City into closer connection with the central portion, as well as for the development of a largely rural section, into building sites. The projection of a diagonal avenue of this character provides facilities of communication for a wide area and makes an undeveloped section an integral part of the City. Such an avenue will doubtless become an important and beautiful thoroughfare, similar to some of the attractive parkways which exist in several other

large American cities. The cost of placing it on the City plan will be less now than at a future time. It will be generally limited to the price of farm land. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), John Klang, Bennett L. Smedley, Jos. P. Hughes, Chas. H. Johnson, Frank Weideman, Geo. W. Young, Chas. B. Barton, James H. Wilkes, Basil H. Brown, J. H. Shaw, Geo. W. Sunderland, W. F. Short, H. J. Trainer.

AN ORDINANCE

To place upon the City plan an avenue three hundred (300) feet wide, from Broad street to Torresdale, with connection to Hunting Park avenue and Bellfield avenue, and to make such revisions of lines and grades on the City plans as may be necessary to properly establish the said avenue and complete the system of streets adjacent to it.

Section 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works (Board of Surveyors) be authorized to place upon the City plan an avenue three hundred (300) feet wide, beginning at the intersection of Broad street and Cayuga street; thence extending eastward to a point at or near Eleventh street; thence northeastward, crossing the North Penn Branch of the Philadelphia and Reading Railway at or near Wyoming avenue, crossing the Philadelphia, Newtown and New York Railroad at or near Rockland street, to a point at or near the intersection of Adams avenue and the Philadelphia, Bustleton and Trenton Branch of the Connecting Railway; thence southeastward, widening Adams avenue on the northeast side, to a point at or near the intersection of Adams avenue and Summerdale avenue; thence curving to the eastward and crossing the Philadelphia and Frankford Railway at or near "R" street; thence northeastward, crossing Oxford road at or near Dark Run lane, to a point at or near the intersection of "Y" and Unruh streets; thence northeastward, to a point at or near "Y" and Strahle streets; thence northeast-

ward and eastward, crossing the Bustleton Branch of the Connecting Railway and crossing Ashton road at or near Willets road, to a point near Academy road; thence northeastward, crossing Academy road and curving into Grant street east of Academy road; thence along the line of Grant street, crossing Frankford avenue to State road; with connection to Hunting Park avenue and Bellfield avenue, and to include within said avenue such triangular pieces of ground at the junction of intersecting streets as may be necessary to complete the same.

SECT. 2. The Department of Public Works (Board of Surveyors) is authorized to revise the lines and grades of all streets and to lay out such new streets upon City plans Nos. 171, 205,225, 226, 132, 232, 233, 274, 241, 250, 254, 256, 257, 259, 260, 276, 277, 280, 325, 324, 323, 328 and 329, and to establish or revise the lines and grades of all streets or roads adjacent to the said avenue in such sections as are not plotted upon the City plan, as may be necessary to provide proper grades for, and proper approaches to, the said avenue, or necessary for the proper completion of the City plans.

And to revise the grades of Twenty-third street, from Chestnut to Arch street, and of other adjacent streets to conform to said changes.

Sect. 2. Upon confirmation by the Board of Surveyors of the lines and grades herein authorized to be revised the Director of the Department of Public Works shall notify the owners of property along Market street as widened that at the expiration of three months from the date of said notice said street as widened will be required for public use.

SECT. 3. That the Mayor of the City of Philadelphia is hereby authorized to enter security on behalf of the City for the payment of any damages which may be assessed by reason of the revision of lines and grades and the taking of property authorized hereunder. Upon the filing of such bond the Director of the Department of Public Works shall forthwith proceed with the necessary work to carry into effect the changes hereby authorized.

Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to strike Opal street, from Cambria to Indiana street, from the City plan," beg leave to report that the plot of ground through which Opal street runs is intended for a freight station; as the street is of no public use and the City being indemnified against damages, we report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), John Klang, Bennett L. Smedley, Jos. P. Hughes, Chas. H. Johnson, Frank Weideman, Geo. W. Young, Chas. B. Barton, James H. Wilkes, Basil H. Brown, J. H. Shaw, Geo. W. Sunderland, W. F. Short, H. J. Trainer.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works (Board of Surveyors) be authorized to strike Opal street, from Cambria to Indiana street, from the City plan: *Provided,* That an agreement or bond satisfactory to the City Solicitor be filed indemnifying the City against all damages by reason of the striking of said street from the plan.

APPENDIX No. 101.

Philadelphia, December 18, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to in-

crease the width of Lardner street, between State road and Delaware avenue, and to place the said street on the plan, between Delaware avenue and the Port Wardens' line," beg leave to report that it is proposed to build a large main sewer in Lardner street, between State road and the Delaware river. To properly provide for this sewer it will be necessary to increase the width of the street and to place the river end on the City plan. As no improved property is disturbed the damages will be very small, if any. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), John Klang, Bennett L. Smedley, Jos. P. Hughes, Chas. H. Johnson, Frank Weideman, Geo. W. Young, Chas. B. Barton, James H. Wilkes, Basil H. Brown, J. H. Shaw, Geo. W. Sunderland, W. F. Short, H. J. Trainer.

AN ORDINANCE

To increase the width of Lardner street, between State road and Delaware avenue, and to place the said street on the plan, between Delaware avenue and the Port Wardens' line.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works (Board of Surveyors) be authorized to increase the width of Lardner street, between State road and Delaware avenue to sixty feet by widening the same ten feet on the northeast side, and to place Lardner street on the City plan of the width of sixty feet, between Delaware avenue and the Port Wardens' line, and to make the necessary revision of grades of intersecting streets.

APPENDIX No. 102.

Philadelphia, December 18, 1902.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the ordinances to revise the grades of

Hegerman street, between Benner and Deveraux streets, of Kensington avenue, between the Connecting Railway and Buckius street and the lines and grades of Cross street, between Dearnley street and Shawmont avenue, and Ampho street, between Washington lane and Johnson street," beg leave to report that the proposed revision of Hegerman street can be made to conform more nearly to the present physical conditions, thus saving the City from damages for grading the street. The object of the revision of Kensington avenue is to remove the heavy grade now existing on Kensington avenue immediately north of the Connecting Railway and to provide better surface drainage south of Butler street; there are no improvements along the line of the street, consequently the change can be made without damage and less cost for doing the physical work. The changes on Cross street are entirely over property owned by the City, consequently no damage will accrue. The present location of Ampho street cuts the property very badly and the slight change will greatly improve the conditions; the City will be indemnified against damages. We therefore report the annexed ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), John Klang, Bennett L. Smedley, Jos. P. Hughes, Chas. H. Johnson, Frank Weideman, Geo. W. Young, Chas. B. Barton, James H. Wilkes, Basil H. Brown, J. H. Shaw, Geo. W. Sunderland, W. F. Short, H. J. Trainer.

AN ORDINANCE

To revise the grades of Hegerman street, between Benner and Deveraux streets; of Kensington avenue, between the Connecting Railway and Buckius street; and the lines and grades of Cross street, between Dearnley street and Shawmont avenue, and Ampho street, between Washington lane and Johnson street.

Section 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works (Board of Surveyors) be authorized to revise the grade of Hegerman street, between Benner and Dever-

aux streets, in order to make the grades conform more nearly to the present physical conditions; the grades of Kensington avenue, between the Connecting Railway and Buckius street, with the necessary revision of adjacent streets, in order to make the grades conform more nearly to the topography of adjacent ground; the lines and grades of Cross street, between Dearnley street and Shawmont avenue, so as to conform with buildings incident to filtration of water supply; and the lines and grades of Ampho street, between Washington lane and Johnson street: *Provided,* That before said revision of Ampho street shall be made the owners of property affected shall first file an agreement or bond satisfactory to the City Solicitor indemnifying the City against all damages by reason of said revision.

APPENDIX No. 103.

Philadelphia, December 18, 1902.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the curb lines of DeGray street, from Tenth to Delhi street, and Delhi street, from DeGray to Ludlow street," beg leave to report that the object of the change is to widen the cartway sufficiently to permit of the passage of large drays through these streets; this can be done without any damage to property, the only cost being the resetting of curb. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), John Klang, Bennett L. Smedley, Jos. P. Hughes, Chas. H. Johnson, Frank Weideman, Geo. W. Young, Chas. B. Barton, James H. Wilkes, Basil H. Brown, J. H. Shaw, Geo. W. Sunderland, W. F. Short, H. J. Trainer.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to establish street lines and grades through the territory bounded by Starkey street, Red Lion road, Frankford avenue and Strahle street," beg leave to report that this portion of the City has never been plotted and that it is desirable to lay out a street system in advance of improvements. Land associations and other improvements have been projected and it is necessary to have definite lines to which they must conform. This work can be done to the best advantage and least cost at the present time. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), John Klang, Bennett L. Smedley, Jos. P. Hughes, Chas. H. Johnson, Frank Weideman, Geo. W. Young, Chas. B. Barton, James H. Wilkes, Basil H. Brown, J. H. Shaw, Geo. W. Sunderland, W. F. Short, H. J. Trainer.

LAW DEPARTMENT.

Philadelphia, December 18, 1902.

WILLIAM H. FELTON, ESQ.,
Clerk of Committees on Surveys and Highways.

DEAR SIR:—To your inquiry of December 15th, whether Councils have the right to pass an ordinance, a draft of which is submitted, being an ordinance directing the City Solicitor to satisfy of record a lien filed against the Snyder Avenue Baptist Church for sewer laid on Mercy street adjoining said church, I reply that while it would be obviously improper and illegal for Councils arbitrarily and without any proper purpose to discriminate in the enforcement of municipal liens, requiring some property owners to pay the same and relieving others of the like burden; yet where special circumstances in the judgment of Councils indicate that the satisfaction of liens of this character would eventually inure to the city's advantage, or where their enforcement would result in unusual and inequitable hardship to the owner of the property against which the lien has been filed, it has long been the custom of Councils in their discretion to afford the necessary relief. It will readily be seen that it is for the best interests of the city that such discretionary power on the part of Councils should be allowed, if not illegal, and I know of no provision of the law which in terms forbids its exercise.

The Act of June 4, 1901 (P. L. 364) does not alter the legal status of the matter. Before the passage of that Act places of religious worship, &c., were liable to all descriptions of municipal liens. That Act exempts those institutions from municipal claims generally, excepting, however, sewer claims and some other specified liens. This is not an affirmative enactment that such places of religious worship must necessarily be subjected to liens for sewer pipe, overriding all discretionary power of Councils to relieve them therefrom in extraordinary cases; but merely excepts sewer claims and the other named species of liens from the exempting provision in regard to muni-

cipal liens generally, thus leaving such places of religious worship, &c., in the same condition as to sewer claims, and liens thereon, as they were before the passage of the Act.

I understand from former communications relative to this matter, if my recollection is correct, that the Snyder Avenue Baptist Church is amply supplied with sewer facilities from other streets than the one in which this sewer is laid, and that it makes no use of the latter. If this is correct, I am of the opinion that Councils may lawfully direct that satisfaction of the lien against the church property for the sewer on Mercy street, if in their discretion such a course would be proper and equitable. I would suggest, however, that in order to prevent the passage of this ordinance from becoming a general precedent, the peculiar circumstances here involved be set forth by way of preamble.

The draft of ordinance sent me by you is herewith returned.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

—

AN ORDINANCE

P. 1, March Term, 1900, No. 158, City Solicitor's docket 110, page 550, against property on the south side of Mercy street, west side of Seventh street, seventy-seven feet on Mercy street by one hundred and twelve feet on Snyder avenue, in the Thirty-ninth Ward, being in front of Snyder Avenue Baptist

APPENDIX No. 108.

Office of the Mayor.

Philadelphia, December 31, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to transmit herewith a communication from the President of the Department of Charities and Correction, together with a draft of an ordinance authorizing and directing the erection of new buildings for the Philadelphia Almshouse and the Insane Department of the Philadelphia Hospital, upon the land owned by the City, in the Forty-first Ward.

The Board of Directors of the Department of Charities and Correction, accompanied by a large number of physicians, specialists in their various lines, recently viewed the proposed location, and all heartily approved of it as an ideal site. I would therefore respectfully ask that you give it the very earliest consideration that may be possible, so that the Department may be authorized to proceed with the preparation of the plans and to invite proposals for the erection of new buildings, for which purpose two hundred thousand (200,000) dollars is available from a loan and one hundred thousand (100,000) dollars in appropriation for 1903, so that the construction of the new buildings may be begun as speedily as possible.

It is the concensus of opinion of the medical fraternity, as well as of many laymen, that a change should be made in the designation of the three institutions which are now grouped under the charge of the Bureau of Charities. I would suggest that the buildings to be erected on the proposed site, in the Forty-first Ward, shall be known as the Philadelphia Hospital for the Insane and the Philadelphia Hospital for the Indigent, and that the Department which shall remain at the present site shall be designated hereafter as the Philadelphia General Hospital for Surgical and other Cases.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

AN ORDINANCE

Authorizing and directing the erection of new buildings for the Philadelphia Almshouse and the Insane Department of the Philadelphia Hospital, upon the land owned by the City in the Forty-first Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That so much of the land in the Forty-first Ward owned by the City as may be required for the purpose, shall be used to erect thereon new buildings for the Philadelphia Almshouse and the Insane Department of the Philadelphia Hospital, and the Department of Charities and Correction is hereby authorized and directed to erect said new buildings upon the said land.

SECT. 2. Hereafter the Philadelphia Almshouse shall be known as the Hospital for the Indigent; the Insane Department of the Philadelphia Hospital shall be known as The Philadelphia Hospital for the Insane, and the Philadelphia Hospital shall be known as the Philadelphia General Hospital for Surgical and other Cases.

DEPARTMENT OF CHARITIES AND CORRECTION.

Philadelphia, December 30, 1902.

To his Honor, Mayor Samuel H. Ashbridge,
and City Councils of Philadelphia.

GENTLEMEN:—Your Board of Charities and Correction have labored during the past year most earnestly to make this Department worthy of a great city. We have personally and collectively visited and inspected the Almshouse, the City Hospital (or Blockley), and the Insane Asylum many times during the year, and have found these three institutions have outgrown their present accommodations.

The buildings, with the exception of three small departments, the Women's, the Children's, and the Skin and Venereal were constructed some seventy years ago, when the population of Philadelphia was only 200,000.

With the increase of population to over 1,250,000, the buildings are no longer able to accommodate one-quarter of the inmates of these institutions.

Further, the buildings constructed seventy years ago, are not only old, lacking in accommodations, but from being overcrowded for so many years and being largely composed of old wood, are fruitful sources of disease, fire, and dangerous to life by the insecurity of these old structures.

Our inmates, the sick, the poor, and the insane, are huddled together in these old rookeries more like animals than human beings, our death rate therefore by reason of this overcrowding, the close contact of infectious cases and the lack of fresh air and sunshine is exceedingly high, too much so for that of all institutions with the progress of modern times.

We have called into our councils many times the most eminent men of this great Medical Center, and have visited with them the great centers of Boston and New York, have examined into their Charitable Institutions.

We learned in these centers that the Almshouse, the City Hospital, were all separated as special institutions and had able heads managing them.

That modern and comfortable buildings had replaced the old ones and that ample grounds with plenty of fresh air and sunshine were attached to each institution. That better names were given the institutions, as follows: For the Almshouse, "The Home for the Infirm," and in another city, "Indigent Home." The City Hospitals were known as the "Boston General Hospital" and "New York General Hospital," the Insane Asylum as the "Hospital for the Insane."

On our return we again called into our councils the Medical and Surgical Staff of the City Hospital and repre-

sentative physicians and surgeons of all the leading hospitals and colleges of this great Medical Center.

We visited many sites in and around Philadelphia for suitable locations for our institutions, and finally after a most careful examination have selected to recommend to you a part of the House of Correction farm for the Insane Hospital and the Almshouse (which we trust you will rename or permit the Mayor or your Board to do), as the most suitable location for the two institutions named.

We here append the resolution adopted after the examination of the House of Correction farm, by your Board and the Visiting Physicians and Surgeons of this City.

"Whereas, It is the sense of this meeting, that the Almshouse and Insane Department should be separated at an early date as possible, in order that the indigent poor and insane may be housed in more commodious quarters—with ground sufficient to permit their being employed in various ways to relieve the dangerous overcrowding in the insane wards, and also to afford proper and necessary facilities for the treatment of patients in the Philadelphia Hospital.

"Whereas, The plot of ground belonging to City on House of Correction property, between State road and Pennsylvania railroad, on account of its proximity to the City—access being convenient by rail or water—is in every way adapted for the purpose required, therefore be it

Resolved, That Dr. Shoemaker, President of the Department of Charities and Correction, be requested to convey to his Honor, Mayor Samuel H, Ashbridge, and the members of City Councils, the views of this Board, the Staff of the Philadelphia Hospital and other Physicians and Specialists present, that this site should be selected for the erection of the Insane Department and Almshouse."

Your Board therefore respectfully petition your Honor and members of City Councils to divide the institutions referred to in this appeal and permit your Board to locate the two named upon the House of Correction farm with

the use of the Harrison Farm for Agricultural pursuits, especially for keeping the inmates employed and the adjoining grounds for recreation for the poor and insane. We further request to be given the power to begin locating these institutions at once from the available money on hand for that purpose and such other additional funds as your Honor and City Councils may see fit to appropriate to this Department for this most urgent, needful and necessary purpose.

Respectfully submitted,

JOHN V. SHOEMAKER,
President.

DEPARTMENT OF LAW.

Philadelphia, December 31, 1902.

GEORGE W. KOCHERSPERGER, ESQ.,
Chief Clerk of Common Council.

DEAR SIR:—Enclosed herewith please find report of the jury in the matter of the widening of Chestnut street, in front of premises No. 1616, Eighth Ward, filed December 30, 1902. The street has been physically widened in front of this property.

IN THE COURT OF QUARTER SESSIONS FOR THE COUNTY OF PHILADELPHIA.

In the Matter of the Widening of CHESTNUT STREET on the South Side Thereof, at Premises No. 1616 Chestnut Street, in the Eighth Ward of the City of Philadelphia.

Filed December 30, 1902.

REPORT OF VIEWERS.

To the Honorable, the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the widening of Chestnut street on the south side thereof, at No. 1616 Chestnut street, the property of Marianne E. White, in the Eighth Ward of the City of Philadelphia, respectfully report:

That after due notice the following viewers, viz.: Thomas P. C. Stokes, Henry G. Freeman, J. Fletcher Budd and J. Frederick List, met on Friday, December 5, 1902, at 11 o'clock A. M. in Room 571, City Hall, Philadelphia, for the purposes of their appointment. They were sworn or affirmed by one of their number on their *voir dire* and examined touching their capacity to serve as viewers in this proceeding. Each of them was found to be disinterested, competent and in all respects duly qualified to serve. The said viewers above mentioned were then severally sworn or affirmed by one of their number to perform their duties as viewers in the matter of the widening of Chestnut street at No. 1616 Chestnut street, faithfully, justly, impartially and according to the best of their judgment. They organized by electing Thomas P. C. Stokes, foreman, and J. Frederick List, secretary. The petition was read and the official plan produced, which is filed with this report. The viewers then adjourned to meet on the premises affected on Thursday, December 11, 1902, at 3 P. M., to view the same.

That prior to making said view, J. Redmond Coxe, the

other viewer, having been examined and found competent, was duly sworn or affirmed by the foreman of the jury to perform his duties in this proceeding, faithfully, justly, impartially and to the best of his judgment. The view was duly had and attended by the five viewers above mentioned.

That subsequent meetings were held by due adjournment on December 12, 15, 19, 20, 22 and 23, 1902, for the purpose of hearing testimony, arguments of counsel, review and consultation and one for signing this report. At some of these meetings the viewers were attended by Geo. Irving Merrill, Esq., attorney for Marianne E. White, claimant; Marianne E. White in person and John H. Maurer, Esq., Assistant City Solicitor, for the City of Philadelphia.

And now, after a full, careful and impartial consideration of all the testimony submitted, and after a careful view and review of the lines and grades to which Chestnut street has been widened at No. 1616 Chestnut street, and considering as well the advantages and disadvantages to the property of the petitioner, the jury find and award to Marianne E. White the sum of sixteen hundred and seventy-two (1672) dollars damages by reason of the aforesaid widening. No property in the vicinity is benefited, and the damages are to be paid by the City of Philadelphia.

REPORT OF VIEWERS.

Filed December 30, 1902.

To the Honorable, the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, arising out of the opening and change of grade of Indiana street, from Sixteenth street to Nineteenth street, in the Thirty-eighth Ward of the City of Philadelphia, pursuant to ordinance approved July 26, 1901, respectfully report:

That pursuant to notice upon the viewers, registered property owners and tenants along the line of Indiana street, from Sixteenth street to Nineteenth street (proof of which is filed amongst the records of your Honorable Court), the viewers held their first meeting on May 26, 1902, at 10 o'clock A. M., in Room 571, City Hall, Philadelphia. At this meeting were present the following viewers to wit: Edward G. White, Horace D. Gaw, George W. Gardiner, W. W. Maurice, and Charles R. Gentner. Each of them was first sworn or affirmed on his *voir dire* by one of their number and examined touching his capacity to serve as a viewer in this proceeding. Each viewer having been found to be disinterested, competent and in all respects duly qualified to serve, was then sworn or affirmed by one of his number to perform his duties as a viewer in the above proceeding, faithfully, impartially and to the best of his judgment. Charles R. Gentner was elected foreman and Edward G. White secretary. The petition was read and the official plan produced, which is filed with this report. The above mentioned jurors viewed the premises on Wednesday, May 28, 1902, at 1 o'clock P. M. John Galloway, one of the viewers appointed, not appearing, the court appointed in his place and stead, M. F. Lobo, who duly qualified as a viewer on September 23, 1902.

For the purpose of hearing testimony and arguments of counsel meetings were held on June 3, 10, 17; September 9, 16, 23, 30; October 3, 7, 14, 17, 21, 24, 28, 31; Novem-

ber 7, 11, 14, 21, 25, 28; December 5, 12, 17, 1902, at some of which meetings the viewers were attended by Frank B. Ellis, Esq., for Franklin L. Carnell and Althea J. Carnell; Evan B. Lewis, Esq., for Christian Gummel, John Boos and Emma L. Kiefer; George Vaux, Jr., Esq., for Elwood Wilson, Francis B. Wilson and Girard Trust Company, Trustee for Florence E. C. O'Neill and Agnes C. Bates; Greenwald & Mayer, Esqrs., for Martha B. Adams and Estate of John Adams; Monaghan & Phillips, Esqrs., for John A. Thilo; Warner & Houseman, Esqrs., for Pooley Furniture Company, tenants; Sellers & Rhoads, Esqrs., for Pennsylvania Railroad Company; Townsend, Elliott & Townsend, Esqrs., for Annie J. Baxter, Emma A. Connell, Ada Russell Baxter and Frances B. Pedrick, Executors and Trustees under the will of John Baxter, deceased; Wm. Righter Fisher, Esq., for Jos. W. Anderson, and John H. Maurer, Esq., Assistant City Solicitor, for the City of Philadelphia. No one appeared for John Marston, Jr., Philip Gillinger, A. Jackson Anderson and unknown owner, nor did they appear in person, but the viewers considered their properties and find them not damaged. A review was made on December 18 and 19, 1902, and consultations on December 20, 22, 23 and 24, 1902. Indiana street, between Sixteenth street and the railroad, is filled up almost to within the confirmed grade, which has been done entirely prior to July 25, 1901, but it has not been filled up between the railroad and Nineteenth street.

That said Indiana street, from Sixteenth street to Nineteenth street is to be opened pursuant to Ordinance of Councils approved July 25, 1901, but no work has yet been done on the ground pursuant to said ordinance.

And now, therefore, after a careful consideration of all the testimony submitted, and after a careful view and review of the lines and grades to which said Indiana street, from Sixteenth street to Nineteenth street is to be opened and graded, pursuant to Ordinance of July 25, 1901, and considering as well the advantages and disadvantages to each and every property owner along the line of said Indiana street, from Sixteenth street to Nineteenth street, the jury finds and awards the following damages for the open-

ing and future grading of said street to the present confirmed grade regulation:

Franklin L. Carnell, lot and house, 1814 Indiana street $450 00

The jury find that no property in the vicinity is specially benefited and direct that all the damages shall be paid by the City of Philadelphia.

All of which is respectfully submitted.

Geo. W. Gardner, Horace D. Gaw.

APPENDIX No. 110.

OFFICE OF THE MAYOR.

Philadelphia, January 13, 1903.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith a petition of the Board of Port Wardens, in relation to the removal of the British Steamship "Bermuda," in the Delaware river below Callowhill street. This vessel was sunk some two years-and-a-half ago and efforts to raise her repeatedly proved unsuccessful. The matter was then referred to the U. S. Government, and the Board of Engineers report that the National Government is powerless, inasmuch as the vessel was sunk inside of the Port Wardens' line. It therefore devolves upon the City authorities to remove this obstruction to commerce in the channel of the river.

I would ask that this communication and the petition of the Board of Port Wardens be referred to the appropriate Committee.

Respectfully,
SAMUEL H. ASHBRIDGE,
Mayor.

BOARD OF WARDENS, PORT OF PHILADELPHIA.

Philadelphia, January 5, 1903.

To the Select and Common Councils
of the City of Philadelphia.

This petition of the Board of Wardens for the Port of Philadelphia respectfully shows:

That on July 2d, 1902, the Board of Wardens for the Port of Philadelphia sent to your Honorable Bodies a petition stating that the Steamship "Bermuda," which sank August 15th, 1900, in the dock south of Pier 19

North (below Callowhill street), Delaware river, still remained there as a menace to the safe navigation of the river in that vicinity.

There was attached to the petition an opinion of John L. Kinsey, City Solicitor, which clearly set forth that under the Laws of the Commonwealth the duty of removing the sunken steamship devolved upon the City of Philadelphia.

The petition for the reasons therein recited asked that an appropriation be made for the removal of the wreck.

The wreck of the "Bermuda" still remains and has been abandoned by the owner, since which abandonment, being a serious obstruction to navigation, it has been marked and lighted by the Department of Public Safety.

The Board of Wardens for the Port of Philadelphia now respectfully renews its petition for an appropriation for its removal and suggests that for the more effective prosecution of the work, the appropriation be made to the Department of Public Works, Bureau of Surveys, which is better equipped than the Board of Wardens for that purpose.

JOEL COOK,
President.

Attest:

GEO. F. SPROULE,
Secretary.

To the Presidents and Members of Select and

Deduct Liabilities as above	16,854,187 06
Surplus for the year 1902	$312,678 43

In the report for the seven months to August 1st last, submitted to your Honorable Bodies, an estimated surplus was exhibited of $652,338.11, predicated upon the receipt of the City's proportion of school moneys due by the State, a large percentage of which, amounting to $531,017.05, I regret to report, has been withheld. Had this been promptly remitted the surplus shown on December 31st would have exceeded the figures of August 1st, notwithstanding the falling off in the average amounts merging caused by the insertion of provisos in ordinances preventing the merging of various balances, which aside from the loan moneys for filtration and other purposes that must be legally held, aggregate *$100,000.*

The surplus, then reported, has been reduced, however, to $312,678.43, and this amount I am constrained to further reduce to $62,678.43, by deducting from it the sum of $250,000 for writs by mandamus as recommended by me in my communication to your Honorable Bodies of December 3d last as a result of the unusual increase in mandamus executions reported as payable during the year of 1903.

The additional $250,000 deducted from the surplus for this purpose will increase the amount set aside for mandamuses on August 1st to $1,500,000.

The sum of $62,678.43 is, therefore, placed at your disposal for further appropriations.

Receipts.

The total revenues for the year ending December 31st, 1902, which include both the funded and temporary loans, amounted to $33,520,729.01, which amount was in excess of the estimated receipts contained in the report of this Department forwarded on August 1st of $1,275,722.22.

Of this $15,136,072.85 was for current taxes and $1,567,607.29 for delinquent taxes. The tax levy for 1902, on an assessed valuation of $901,009,664.00, was computed at $16,137,306.30. Of this there remained on December 31st, after allowing for discounts of $138,166.94 and penalties of $54,042.93, about $5\frac{7}{10}$ per cent. of the tax levy uncollected. This amount is registered or entered in the delinquent registers, and stands as a charge against the properties delinquent.

United Gas Improvement Company.

I am pleased to report that the payments to the City by the United Gas Improvement Company, Lessees of the Gas Works, show a gradual increase with each succeeding year. For the past five years the 10 per cent. collected from that paid by consumers has amounted to $1,802,-045.76. These payments, which are made quarterly, for the year ending to the close of each September, were as follows:

September 30th,	1898	$193,633 31
" "	1899	340,193 73

Interest on Bank Balances.

In the receipts shown the average interest of 2 per cent. paid to the City by the Banks on their daily balances, as provided by ordinance approved by His Honor, the Mayor,

on the 9th day of April, 1892, has been unusually large for the year 1902, owing to the accumulation of a volume of loan moneys, principally for the Department of Public Works in the prosecution of its contracts for the filtration of the water supply. The average daily balances in bank to the credit of the City and bearing interest have exceeded the sum of $18,600,000, and upon them the City has received $365,330.61.

I would add that the greater part of the balances not merging, or carried to the books of 1903, as shown in the tables above, are the proceeds of loans, and are distributed in the following Departments and Bureaus:

Mandamuses.

The payment of writs by mandamus execution for 1902 exceed the amount set aside by this Department on January 1st and August 1st to meet the anticipated demands upon the Treasury. The total estimated payments, $1,400,000 have fallen short of the requirements to the extent of $56,105.01, and in this connection I desire to especially request your attention to the marked increase in claims for damages resulting from defective highways as a matter for legislation, which demands your earnest consideration.

The changes of grades, opening and widening of streets, sewers, schools and vacations promise to be extraordinarily large during the coming year.

In confirmation of the urgent necessity existing for a more economic policy than that formerly pursued I beg to quote from the records of the Law Department of the number of additional bonds filed, and the possibility of jury cases, that almost inevitably follow, as showing the far-reaching extent to which the claims by mandamus and a consequent drain upon the Treasury will lead to during the year 1903:

In 1899	the number of bonds filed were	.....	20
" 1900	they numbered	.....	46
" 1901	" "	.....	64
" 1902	" "	.....	148

On January 1st, 1902, there were pending 108 cases, and on January 1st, 1903, of the present pending cases, one combines nineteen streets, one six streets, and two two streets, while during the year of 1902 they were all single street petitions. This would give, on January 1st, 1903, a total of 198 cases pending of this character. It requires but a glance at the total of mandamuses paid during the year just closed to arrive at the probable results for the year of 1903:

Outstanding Warrants.

The outstanding warrants for the six years, as enumerated below, are in accordance with an ordinance approved June 21st, 1882, and show for the year just closed an unusual large amount, by reason of their delay in presentation before the settlement on December 31st:

1897	$2,990 50
1898	14,465 71
1899	1,180 81
1900	3,767 21
1901	2,870 31
1902	1,263,100 77
	$1,288,375 31

The total number of warrants countersigned for the year 1902 were 82,716, an increase of 235 over 1901.

The Funded Debt.

The gross funded debt on January 1st, 1903, shows a decrease over that of the year previous of $571,050. The additions to the debt were the negotiation of the $5,000,000 loan of June 11th, 1902; $1,400,000 of the loan of June 17th, 1898; $15,000 of the Subway loan of April 4th, 1894, and $7,600 of unclaimed matured loans returned by the Farmers' and Mechanics' National Bank, amounting in all to $6,422,600.

The redemptions were Loan No. 49, $200,000; Loan No. 50, $1,000,000; Loan No. 51, $2,138,000; Park Loan No. 3, $1,800,000; Loan No. 53, $200,000; Loan No. 54, $970,000, all 6 per cents.; 4 per cent. loan of $400,000, 3 per cent. loans of $280,000, and overdue loans paid of $5,650—in all, $6,993,650.

The reduction of securities in the hands of the Sinking Fund to meet a portion of the above redemptions, in-

creases the net funded debt on January 1st, 1903, over that of January 1st, 1902, $2,661,150.

Of the authorized loans there remains awaiting negotiation $1,400,000 of the $11,200,000 loan of June 17th, 1898, and $560,000 of the Subway loan of April 4th, 1894.

APPENDIX No. 120.

Office of the Mayor.

Philadelphia, February 4, 1903.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to transmit herewith a communication from the Director of the Department of Public Safety, asking for additional appropriation of $6,000 to strengthen stacks connected with boiler room of the City Hall, which have been damaged through the use of soft coal.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

Department of Public Safety.

Philadelphia, February 3, 1903.

Hon. Samuel H. Ashbridge,
Mayor of the City of Philadelphia.

Dear Sir:—I am in receipt of a communication addressed to Mr. George G. Pierie, Chief of the Bureau of City Property, from Architect Powell, relative to the matter of the stacks connected with the boiler room of City Hall. Owing to the use of soft coal during the strike of anthracite miners, the intense heat generated by this coal caused openings to appear in the brick work, thus imperiling its stability, and Mr. Powell states that something must be done to prevent collapsing or further damage, which is likely to occur at any time. A very careful estimate has been made as to the cost of strengthening and relieving these stacks, by binding or bracing them with iron and lining the interior. The work thus outlined would approximate $3,486. It is recommended that, in addition to the

foregoing, iron stacks should be placed in the interior of the present ones. This would probably cost fifty per cent. more than the original estimate—making the total cost for the work about $6,000.

I would request that you forward this communication to Councils, in order that the same may be properly referred —for such action as they may deem proper. This is important, and the matter should receive prompt consideration.

Very respectfully,

A. L. ENGLISH,
Director.

APPENDIX No. 121.

OFFICE OF THE MAYOR.

Philadelphia, January 22, 1903.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Committee of the German Municipal Exhibition of 1903, to be held in Dresden, together with some circulars explaining the purposes of the display. These documents are transmitted at the request of the Committee.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

Dresden, November, 1902.

To the City Council of Philadelphia,
United States of America.

In the Spring and Summer of 1903, there will be held in the great Exhibition Palace of the City of Dresden,

an exhibition, which for the first time will allow collectively the representatives of German municipalities to offer an inclusive view of their industrial and technical resources. thus demonstrating their connection with the prevailing social and political influences.

The exhibition will be under the common control of 128 German towns, 90 of which have taken part in its inception. The inauguration will take place on the 20th of May, 1903, when the exhibition will be officially opened to the public by its distinguished patron, His Majesty, King George of Saxony. At the opening ceremony, representatives of towns all over Germany will be present, and in order to permit of the necessary arrangements being made, it is desirable that early intimation should be given by the various municipal representatives of their desire to take part in it.

The exhibition, however, will not be restricted to the authorities of German towns, but every branch of imperial and civic life will be included, generally and without regard to national or geographical limitations, in order to carry out as far as possible the suggestive and instructive object in view. The Committee of the Exhibition have therefore decided, in consideration of the probable active participation of exhibitors abroad, who have already, with the concurrence of the Honorary Presidents, their Excellencies Count von Bulow, Chancellor of the German Empire, and Herr von Metzsch, Minister of State for the Kingdom of Saxony, been apprised of the matter, to invite representatives of the chief cities of many European countries, and of a number of the more important cities in the United States, to take part in the inaugural ceremony of the exhibition.

In furtherance of this object we send to the City Council of Philadelphia, for the information of those concerned, a statement of further details respecting the internal arrangements of the undertaking, and we venture to hope that you will do us the favor to depute representatives of the City Council of Philadelphia (whose number and names should be previously advised), in order that they may honor us by taking part in the opening ceremony of

the German Municipal Exhibition on May 20, 1903, in the forenoon.

To this we would add the remark that it would be in the highest degree agreeable to us if during the several months' duration of the exhibition, the representatives or officials of all and any towns would pay us a visit. In view of this we add a number of copies of the statement of details referred to above, with the earnest wish that by means of the daily press and otherwise, it may be brought as fully as possible under the notice of municipal officials and others interested throughout the provinces. We shall also be happy to furnish at the request of all foreign applicants, any further information which may be desired in regard to the exhibition.

The Committee of
German Municipal Exhibition of 1903,
in Dresden.

Oberbuergermeister Beutler.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of Thirty-first street, between Market and Chestnut streets, and to vacate a portion thereof," beg leave to report that Thirty-first street is now upon the City plan sixty feet in width from Market to Chestnut street, and is opened of that width from Market to Ludlow street only, the remaining portion to Chestnut street not being legally open. We therefore report the ordinance with a favorable recommendation.

The said pipe shall be laid under the supervision and to the satisfaction of the Department of Public Works, and shall not interfere with any municipal structures now in said street. Before the permit shall be issued for the work of laying said pipe the said David H. Watts shall first enter into an agreement satisfactory to the City Solicitor indemnifying the City against all damages by reason of the construction and maintenance of said pipe, and to repave and keep in good order so much of the street disturbed by the laying of said pipe;

and shall pay into the City Treasury the sum of fifty (50) dollars for the publication of this ordinance. The privilege hereby granted shall be revocable at any time upon the passage of an ordinance to that effect.

APPENDIX No. 138.

Philadelphia, February 19, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to authorize the German Evangelical Lutheran, St. Michael's and Zions Cemetery to erect a retaining wall and railing on the north side of Huntingdon street, from Patton to Thirty-third street," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Alex. M. DeHaven (*Ch'n*), W. McCoach, Jesse S. Shepard, E. P. Macken, W. A. Miller, Thos. Wagner, Jr., Watson D. Upperman, E. Buchholz, Chas. Seger, Samuel P. Town, Jos. M. Adams, W. F. Short, Edw. Saybolt.

AN ORDINANCE

To authorize the German Evangelical Lutheran, St. Michael's and Zions Cemetery, to erect a retaining wall and railing on the north side of Huntingdon street, from Patton to Thirty-third street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That permission be, and the same is hereby granted to the German Evangelical Lutheran, St. Michael's and Zions Cemetery, to erect and construct on the north side of Huntingdon street, from Patton to Thirty-third street, a stone retaining wall surmounted by railing, which wall and railing shall not extend beyond three feet to the south of the north line of said Huntingdon street. Said wall to be constructed without

expense to the City and be removed at any time upon the passage of an ordinance or a resolution to that effect: *Provided,* That the sum of fifty (50) dollars be first paid into the City Treasury by said Cemetery for printing this ordinance.

APPENDIX No. 139.

Philadelphia, February 19, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Tacony street, Torresdale and Ogontz avenues, beg leave to report that the object of opening Tacony street and Torresdale avenue to their full width is to permit the Bureau of Filtration to lay the large filtered water mains; the damages on Tacony street will not exceed five thousand (5,000) dollars, and on Torresdale avenue will not exceed nine thousand (9,000) dollars. It was thought much cheaper to use these streets and pay the damages than to take other streets increasing the length of pipes. A main sewer is about to be constructed in Ogontz avenue which will occasion some little damage to the property, and it is thought cheaper to take the property in the bed of the street and save a double set of damages. As these ordinances are for the purpose of public work we report them with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), W. McCoach, Jesse S. Shepard, E. P. Macken, W. A. Miller, Thos. Wagner, Jr., Watson D. Upperman, E. Buchholz, Chas. Seger, Samuel P. Town, Jos. M. Adams, W. F. Short, Edw. Saybolt.

AN ORDINANCE

To authorize the opening of Tacony street, Torresdale and Ogontz avenues.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Director of the

Department of Public Works be authorized and directed to notify the owners of property over and through which the following streets will pass that at the expiration of three months from the date of said notice said streets will be required for public use to their full width as now on the City plan, viz: Tacony street as authorized to be revised, from Ruan to Lewis street; Torresdale avenue, from Church to "I" street; Ogontz avenue, from Ruscomb to Chew street.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

APPENDIX No. 140.

Philadelphia, February 19, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Twentieth, James, Wakeling, Jackson, Porter, Ritner, Shunk, Front, Second, Third, Fourth, Fifth, Sixth, Twenty-sixth and Watts streets, Cresheim and Rowland avenues, and the Kensington and Oxford turnpike, respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Alex. M. DeHaven (*Ch'n*), W. McCoach, Jesse S. Shepard, E. P. Macken, W. A. Miller, Thos. Wagner, Jr., Watson D. Upperman, E. Buchholz, Chas. Seger, Samuel P. Town, Jos. M. Adams, W. F. Short, Edw. Saybolt.

AN ORDINANCE

To authorize the opening of Twentieth, James, Wakeling, Jackson, Porter, Ritner, Shunk, Front, Second, Third, Fourth, Fifth, Sixth, Twenty-sixth and Watts streets, Cresheim and Rowland avenues, and the Kensington and Oxford turnpike.

Section 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Director of the Department of Public Works be authorized and directed to notify the owners of property over and through which the following streets will pass that at the expiration of three months from the date of said notice said streets will be required for public use to their full width as now on the City plan, viz: Twentieth street, from a point about one hundred feet south of Ruscomb street to East Logan street; James street, from Margaret to Tucker street; Wakeling street, from Penn street to the Oxford pike; Jackson street, from Third to Meadow street; Porter street, from Fifth to Meadow street; Ritner street, from Second to Meadow street; Shunk street, from Sixth to Meadow street; Front, Second, and Third streets, from Snyder avenue to Oregon avenue; Fourth street, from Ritner street to Oregon avenue; Fifth street, from Porter street to Oregon avenue; Sixth street, from Shunk street to Oregon avenue; Twenty-sixth street, from Moreland avenue to Willow Grove avenue: Watts street, from Snyder avenue to McKean street; Cresheim avenue, from Mt. Pleasant avenue to Allen lane, and from Stenton avenue to Germantown avenue; Kensington and Oxford turnpike, from Levick to Knorr street; Rowland avenue, from Welsh road to Solly street.

Sect. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

APPENDIX No. 141.

Philadelphia, February 19, 1903.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Fifth, Sixth, Eleventh, Marvine, Seventeenth, Fifty-sixth, Fifty-seventh, Fifty-eighth and Lombard streets, Park and Cedar avenues, and Island road, beg leave to report that all of these streets are needed for the purpose of public travel; the estimate of damage in each case is believed to be a conservative one. Fifth street was dedicated by the owners of property to the width of sixty feet, but on the plan eighty feet wide; as the increased width is entirely for the benefit of the traveling public the City should pay for this twenty feet; the damages for taking this twenty feet are estimated at eight thousand five hundred (8,500) dollars. Sixth street has all been dedicated excepting a small piece on which two small houses are erected; the cost of taking these houses is estimated at six thousand (6,000) dollars. The portion of Eleventh street to be opened is through a triangular piece of ground, a distance of about eighty-four feet; as no improved property is taken the damage will be small. Marvine street is all dedicated excepting a small strip twelve feet wide by ninety feet long; as a public school house is erected at this point the street should be opened that the improvements may be made; there ought to be no damage by reason of this opening. Seventeenth street is opened in order to provide a thoroughfare badly needed in this section; as most of the properties were sold bounded by the street no damage should be caused. Fifty-sixth street has a main sewer constructed and as the properties are mostly bounded by the street no damage should arise by opening the same. Fifty-eighth street has been opened for a number of years to the width of thirty-three feet; the opening to the width on the plan is badly needed as this street is a connecting link between two improved sections; as no improved property is taken the damages should not be great. The opening of

Lombard street and Cedar avenue is in order that the proper improvements may be made. Island road is one of the oldest streets in the western portion of the Fortieth Ward, having a double line of trolley tracks leaves no room for public travel, which is very much congested by reason of this condition; the street should be opened to its full width in order to allow public travel on the street. We therefore report the ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), W. McCoach, Jesse S. Shepard, E. P. Macken, W. A. Miller, Thos. Wagner, Jr., Watson D. Upperman, E. Buchholz, Chas. Seger, Samuel P. Town, Jos. M. Adams, W. F. Short, Edw. Saybolt.

AN ORDINANCE

To authorize the opening of Fifth, Sixth, Eleventh, Marvine, Seventeenth, Fifty-sixth, Fifty-seventh, Fifty-eighth and Lombard streets, Park and Cedar avenues, and Island road.

Section 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Director of the Department of Public Works be authorized and directed to notify the owners of property over and through which the following streets will pass that at the expiration of three months from the date of said notice said streets will be required for public use to their full width as now on the City plan, viz: Fifth street, from Luzerne to Wingohocking street; Sixth street, from Rising Sun avenue to Pike street; Eleventh street, from Rising Sun avenue to Tioga street; the unopened portion of Marvine street, from Venango street northward about ninety feet; the unopened portion of Seventeenth street, from Juniata to Cayuga street; Park avenue, from Pike to MacFerran street; the unopened portion of Fifty-sixth street, from Market to Walnut street; Fifty-seventh street, from Walnut street to Baltimore avenue; Fifty-eighth street, from Baltimore avenue to Whitby avenue; Lombard street, from Fifty-third to Conestoga street; Cedar avenue, from Fifty-fifth to Sixtieth street; Island road, from Woodland avenue to Elmwood avenue.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

APPENDIX No. 145.

OFFICE OF THE MAYOR.

Philadelphia, March 4, 1903.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Acting Director of the Department of Public Works, asking for an additional appropriation for the maintenance of Mingo Creek Pumping Station, and would ask that the same be properly referred.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

—

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, March 4, 1903.

HON. SAMUEL H. ASHBRIDGE,
Mayor of the City of Philadelphia.

DEAR SIR:—In the ordinance making the annual appropriation to the Department for the year 1903, there was appropriated to the Bureau of Surveys, Item 17, for the maintenance of Mingo Creek Pumping Station, the sum of $4,000.

Owing to the excessive rains during the winter, it was necessary to keep the station in almost continuous operation, which required an unusually large supply of coal and at prices greatly in advance of what it cost last year, and to provide an adequate supply we were forced to encroach upon the funds held in reserve for salaries, with the result that there is only sufficient money left to pay the salaries of the men for three months more.

More coal will be needed in a few weeks and I would respectfully request that you forward this matter to Coun-

cils with the recommendation that an additional appropriation be made of not less than $3,000 for the purchase of coal and supplies and to pay the salaries of employees for the balance of the year.

Yours respectfully,

HARRY W. QUICK,
Acting Director.

APPENDIX No. 147.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

Authorizing the Philadelphia Rapid Transit Company to construct and maintain a lattice girder truss bridge over and across Beach street, connecting its properties upon the east and west sides thereof.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and the same is hereby given to the Philadelphia Rapid Transit Company to construct and maintain a lattice girder truss bridge over Beach street, between Green street and Fairmount avenue, connecting its two properties upon the east and west sides of said Beach street. APPENDIX No. 148.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to

authorize the necessary work of grading, curbing, coping, culverts and drains, macadamizing, planting of grass, trees and shrubs, with the necessary bridges and other contingent work to improve the Boulevard, from Broad street northeastward," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Alex. M. DeHaven (*Ch'n*), Thos. Wagner, Jr., E. P. Macken, J. H. B. Amick, Jesse S. Shepard, Watson D. Upperman, W. F. Short, W. McCoach, Jos. M. Adams, E. Buchholz, Geo. W. Sunderland, R. F. Schofield, Samuel P. Town.

AN ORDINANCE

To authorize the necessary work of grading, curbing, coping, culverts and drains, macadamizing, planting of grass, trees and shrubs, with the necessary bridges and other contingent work to improve the Boulevard, from Broad street northeastward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works be authorized to advertise for proposals for the necessary work of grading, curbing and coping, culverts and drains, macadamizing, planting of grass, trees and shrubs, with the necessary temporary and permanent bridges, and other contingent work required to improve the Boulevard, from Broad street northeastward, in accordance with plans prepared by the Bureau of Surveys, and shall award the contract for said work as the necessary funds are provided therefor.

APPENDIX No. 149.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to pay for paving cer-

tain streets and for repairs to sewer, beg leave to report that the paving on Chew street was done in connection with the abolition of grade crossing at that point; as the work is entirely under the right-of-way of the Philadelphia and Reading Railway Company no property is available for assessment; the bill for paving at the intersection of Sedgley avenue and Tioga street was erroneously charged against private property instead of being included in the intersection and ought in the first instance to have been paid by the City; the bill on Fleming street is in front of church property and not now assessable for paving; the one on Dyre street is not collectible by reason of the property at the time the paving was done having been assessed at suburban rates; the bill for paving footway and curbing on Mayland street was sued for and the Court decided that the bill was not collectible because the notice served by the Bureau of Highways was defective in that it did not state the property on which the work was to be done; the work of repairs to sewer on Haverford street was ordered by the Department of Public Works because it was necessary that the repairs should be promptly made to avoid damages to the City; the work was not of the character which could justly come under the contract for ordinary repairs. As the work in each case was properly done and the City receiving full value, we believe the bills should be paid, and therefore report the ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), Thos. Wagner, Jr., E. P. Macken, J. H. B. Amick, Jesse S. Shepard, Watson D. Upperman, W. F. Short, W. McCoach, Jos. M. Adams, E. Buchholz, Geo. W. Sunderland, R. F. Schofield, Samuel P. Town.

AN ORDINANCE

To pay for paving certain streets and for repairs to sewer.

Section 1. *The Select and Common Councils of the City of Philadelphhia do ordain,* That the Department of Public Works be authorized to draw, and the City Controller requested to countersign a warrant in favor of

James F. McMahon, in the sum of six hundred and thirty-three (633) dollars and twenty-four (24) cents to pay for paving on Chew street under bridge of the Philadelphia and Reading Railway; a warrant in favor of Richardson and Ross Asphalt Paving Company in the sum of one hundred and forty-one (141) dollars and eighty-five (85) cents, to pay for paving at the intersection of Sedgley avenue and Tioga street; a warrant in favor of Thomas Cunningham in the sum of three hundred and sixty-seven (367) dollars and forty-three (43) cents, to pay for paving on Fleming street southeast of Leverington avenue, in front of property of the Leverington Presbyterian Church and two small narrow strips of ground; also a warrant in the sum of six hundred and eighty-two (682) dollars and sixty-four (64) cents to pay for paving, with interest, in front of property on the northeast side of Dyre street, between Franklin and Penn streets: *Provided*, That the bills for paving in front of narrow strips of ground on Fleming street and on Dyre street be first assigned to the City of Philadelphia; a warrant in favor of M. & J. B. McHugh in the sum of eight hundred and seventeen (817) dollars and ten (10) cents to pay for paving footway and curbing, with interest, on the northwest side of Mayland street, northeast of Baynton street; a warrant in favor of Charles D. APPENDIX No. 150.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to

APPENDIX No. 151.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the open-

ing of Lemont, Pine, Fifty-third and Roxborough streets and Rowland avenue, beg leave to report that it is believed that the opening of Lemont and Pine streets can be accomplished without any damage to the City; the damages on Fifty-third street are estimated at four thousand (4,000) dollars, this portion of the street runs through unimproved ground, and when opened will make a thoroughfare for the convenience and advantage of the public; the damages on Roxborough street are estimated at four thousand (4,000) dollars; the effect of the opening is to encourage the improvement of property in that vicinity and for the convenience of public travel; the damages on Rowland avenue are estimated at fifteen hundred (1,500) dollars; the opening is badly needed for the convenience of the traveling public. We therefore report the ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), Thos. Wagner, Jr., E. P. Macken, J. H. B. Amick, Jesse S. Shepard, Watson D. Upperman, W. F. Short, W. McCoach, Jos. M. Adams, E. Buchholz, Geo. W. Sunderland, R. F. Schofield, Samuel P. Town.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Broad, Twenty-third, Tasker and Church streets, beg leave to report that the opening of Broad street is intended to permit of the completion of the Home for Crippled Children, now being constructed, and to permit of the extension of the improvements in said street; no possible damage can arise by opening Twenty-third and Tasker streets; on Twenty-third street the property has all been sold bounded by the street and the owner of the soil in the bed of the street cannot be found; the assessed value of the one property taken in the opening of Church street is twelve thousand (12,000) dollars; the taking down of this property completes the contemplated protection from fire of Old Christ Church and gives a much needed outlet to a very crowded street. SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to widen Grant street, between Frankford avenue and the Bustleton pike, in the Thirty-fifth Ward, and to revise the grades thereof," beg leave to report that Grant street is the main public highway from Torresdale to Bustleton. A recent ordinance authorizes the placing of Grant street on the City plan of the width of eighty feet, from Bustleton to Montgomery county line to connect with the road running to Ogontz; it is therefore desirable that the portion now on the plan be widened to eighty feet. As the entire distance is through unimproved property the damages will not be great. We therefore report the ordinance with a favorable recommendation.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the City Solicitor be authorized to strike off lien, City Solicitor's docket 116, page 426, for construction of sewer on Earp street, ninety-eight feet eight and one-half inches on Earp street, west corner of Orianna street, in the rear of Wharton Street M. APPENDIX No. 161.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to

strike from the City plan Thirty-first street, from Walnut street to Marston street, in the Twenty-seventh Ward," beg leave to report that they have carefully considered the same, and submit for your consideration the annexed ordinance and ask its passage.

Frank H. Massey (*Ch'n*), Chas. B. Barton, Geo. B. Edwards, S. E. Pendlebury, Samuel Crothers, Thomas S. Wiltbank, H. J. Trainer, Geo. W. Sunderland, W. F. Short, John Klang, George W. Conrad, Basil H. Brown, Alexander Crow, Jr.

AN ORDINANCE

To strike from the City plan Thirty-first street, from Walnut street to Marston street, in the Twenty-seventh Ward.

WHEREAS, Thirty-first street, between Walnut and Marston streets, in the Twenty-seventh Ward, appears upon the City plan, and is shown upon a location whereon the West Chester and Philadelphia Railroad Company (now the Philadelphia and Baltimore Central Railroad Company), had previously thereto lawfully located and constructed, and has ever since maintained and operated its railroad, and therefore said portion of said street has never been opened, and it would be impracticable to open the same; now, therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works (Board of Surveyors) be authorized and directed to strike from the City plan Thirty-first street, from Walnut street to Marston street, in the Twenty-seventh Ward.

APPENDIX No. 162.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to re-

vise the lines and grades of Callowhill street, from Front street to New Market street, and to strike from the City plan the three small streets at the northeast, southeast and southwest corners of Callowhill street and New Market street," beg leave to report that the three small streets in question as laid on the City plan are merely twenty feet wide L shape streets connecting Callowhill street and New Market street and leaving isolated plots twenty feet by sixty feet at each corner. They are and have been for many years solidly built over and it does not appear that their opening could possibly subserve any public good, but would cost the City considerable in damages. We therefore report the ordinance with a favorable recommendation.

Frank H. Massey (*Ch'n*), Chas. B. Barton, Geo. B. Edwards, S. E. Pendlebury, Samuel Crothers, Thomas S. Wiltbank, H. J. Trainer, Geo. W. Sunderland, W. F. Short, John Klang, George W. Conrad, Basil H. Brown, Alexander Crow, Jr.

AN ORDINANCE

To revise the lines and grades of Callowhill street, from Front street to New Market street, and to strike from the City plan the three small streets at the northeast, southeast and southwest corners of Callowhill street and New Market street.

Section 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Callowhill street, from Front street to New Market street, and to strike from the City plan the three small streets at the northeast, southeast and southwest corners of Callowhill street and New Market street.

APPENDIX No. 163.

Philadelphia, March 5, 1903.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the ordinances to revise the curb lines and grades of Gowen avenue and the grades of Large street, Berks street and Windermere avenue, beg leave to report that the purpose of the revision of the curb lines on Gowen avenue is to save the shade trees now planted; as the new lines will conform to the present physical conditions no damage can arise. The object of the revision of Large street is to make the plan grades conform to the present elevation of the street, thus saving land damages and cost of grading. The change of grade on Berks street is intended to make a uniform ascent from Broad to Fifteenth street instead of an elevation in the middle of the street as at present confirmed; the property can be made to conform to the new grade at the time the street is graded. If Windermere avenue were opened on the present confirmed grades heavy damages would be claimed by the owners of property; a change of grade can be made which will prevent this damage and not in any way interfere with the usefulness of the street. We therefore report the ordinance with a favorable recommendation

APPENDIX No. 166.

Office of the Mayor.

Philadelphia, March 19, 1903.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to transmit herewith a communication from the Director of the Department of Public Works, asking for additional appropriations to several of the items in the annual appropriation to his Department for the current year.

I would ask that the matter be referred to the Finance Committee for prompt consideration.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

—

Philadelphia, March 10, 1903.

Hon. Samuel H. Ashbridge,
Mayor of the City of Philadelphia.

Dear Sir:—I respectfully call your attention to the immediate necessity for additional funds to several of the items in the annual appropriation to this Department for the year 1903.

Bureau of Highways.

Item 5, for repairing, altering and extending sewers, etc.

Bids were received for repairs to sewers and contract awarded for the sum of	**$18,000 00**
For emergency work on sewers we will require	**10,000 00**
	$28,000 00

In explanation of the amount required on this item would state we received a communication from the Pennsylvania Railroad Company, advising us that the sluiceway on Christian street, across Delaware avenue, had caved in, endangering traffic and imperilling the lives of trainmen and others using the roadway. By reason of the extreme urgency in this case, I directed the contractor for emergency work to proceed and make the necessary repairs to this sluiceway, the estimated cost of which will be from $8,000 to $10,000.

Of the amount appropriated to this item in the annual contract one-third has already been expended for emergency work, for which the contractor for repairs to sewers was not liable, and the balance remaining will not be sufficient to see us through for the remainder of the year.

It will therefore be necessary, in order to enable the Department to execute the annual contract for repairs to sewers and provide for the emergency work on Christian street sluiceway, that there be appropriated the sum asked for, to wit, $28,000.

Item 7, for repairs to bridges.

The amount appropriated to this item is exhausted, and we are unable to make further absolutely needed repairs to certain steps and bridges for want of sufficient appropriation. Some of the steps and bridges are in such condition that unless they are rebuilt or repaired immediately, it will be necessary to close them to travel in order to prevent serious accident.

Owing to the recent rain, the retaining wall along the north side of Frankford avenue at the east end of bridge over Pennypack creek has collapsed, and carried down with it the embankment and sidewalk, about 100 feet in length. The reconstruction of this wall will require the construction of a new wall about 100 feet in length and from 20 feet at the east end to about 33 feet in height at the abutment end. To restore the embankment and renew the sidewalk and wall, will cost approximately $5,000.

The Department's estimate for reconstructing this wall and to make repairs to small bridges and rebuilding of steps requiring immediate attention is $53,000.

Appended please find list of the steps and bridges requiring immediate attention, and it is imperatively necessary that money be provided for making these repairs.

Bureau of Surveys.

Item 17, for the maintenance of pumping station at

Mingo Creek	$3,000 00

Unless this money is provided, we will, in the course of the next two weeks, be compelled to cease pumping at this station.

Bureau of Water.

The following is a statement of deficiency bills for coal and supplies purchased by the Bureau of Water for the year 1902:

Item 2, for coal	$125,369 49
Item 3, for the purchase of oils, lubricants, paints, etc.	7,607 62
Item 11, for the purchase of gum goods and packing	7,330 06

The purchases for the above items were made with the expectation that Councils would provide money in the annual appropriation to pay these bills. The bulk of it is for coal purchased, in order to maintain the operations of the several pumping stations, and as the parties furnished the coal on faith, Councils should immediately appropriate money to pay these bills.

I append copy of communication from the Chief of Bureau of Water, showing in detail the deficiencies for the past year.

I have the honor to request that you forward this matter to Councils, urgently recommending that they make provision by appropriation, for the amounts herein asked.

Yours respectfully,

WM. C. HADDOCK,
Director.
